

YOUTH AMBASSADOR CHRISTIAN, AGE 13

You may not know me, but you have impacted my life...

My parents immigrated to this country from Mexico so they could live the “American Dream” and provide greater hope and opportunity for me and my siblings. Both my parents work, so having a safe place for me to go after school was important to my parents. If it wasn’t for the Boys & Girls Club of San Marcos, I would be home alone every day after school.

Since 2005, I have attended the Club’s after school program. The Club has offered me so much, including the opportunity to become a leader. Over the past five years I have volunteered over the summer months helping the staff and mentoring the younger youth members. I have learned that “giving back” is important, especially to a place that has given me so much.

The Club has also taught me the importance of a good education. I get help with my homework every day after school. No one in my family has ever attended a four-year university. I will be the first. I would like to attend the University of Oregon and study law enforcement.

You may not know me, but please know that your support has continued to impact a young man who will continue to make a difference in the lives of others.

Much appreciation,

Christian
