San Marcos Unified School District After School Education and Safety (ASES) Program

Welcome to the 2010-2011 school year. Thank you for your interest in our After School program offered by the Boys & Girls Club of San Marcos. We are able to offer this after school program through The After School Education and Safety (ASES) Program. ASES is the result of the 2002 voter approved initiative, Proposition 49. As a result, there is no cost to participate in this program.

Program participation this year is limited and priority will be given to students who are able to attend for the length of the program. Students who do not attend the entire program or who are frequently released early may be prohibited from attending the program until space is available. Please see the Early Release Form for more details about early release.

The goal of our program is to provide education and recreation opportunities in a safe, productive environment for youth members during non-school hours. All staff members who directly supervise pupils must meet the qualifications of an instructional aide in the school district. School site principals approve Site Directors for the after school program and ensure that the program maintains a pupil-to-staff member ratio of no more than 20 to 1. A nutritious snack is provided daily to students participating in the program.

The Boys & Girls Club of San Marcos provides a service to the district and together we are working to better serve your school and our community. If you have any questions about the Early Release form please contact Melissa Gillie, Director of Program Services for the Boys & Girls Club of San Marcos at 760.471.2490 x308.
